“Life Got Tougher, We Got Stronger.”

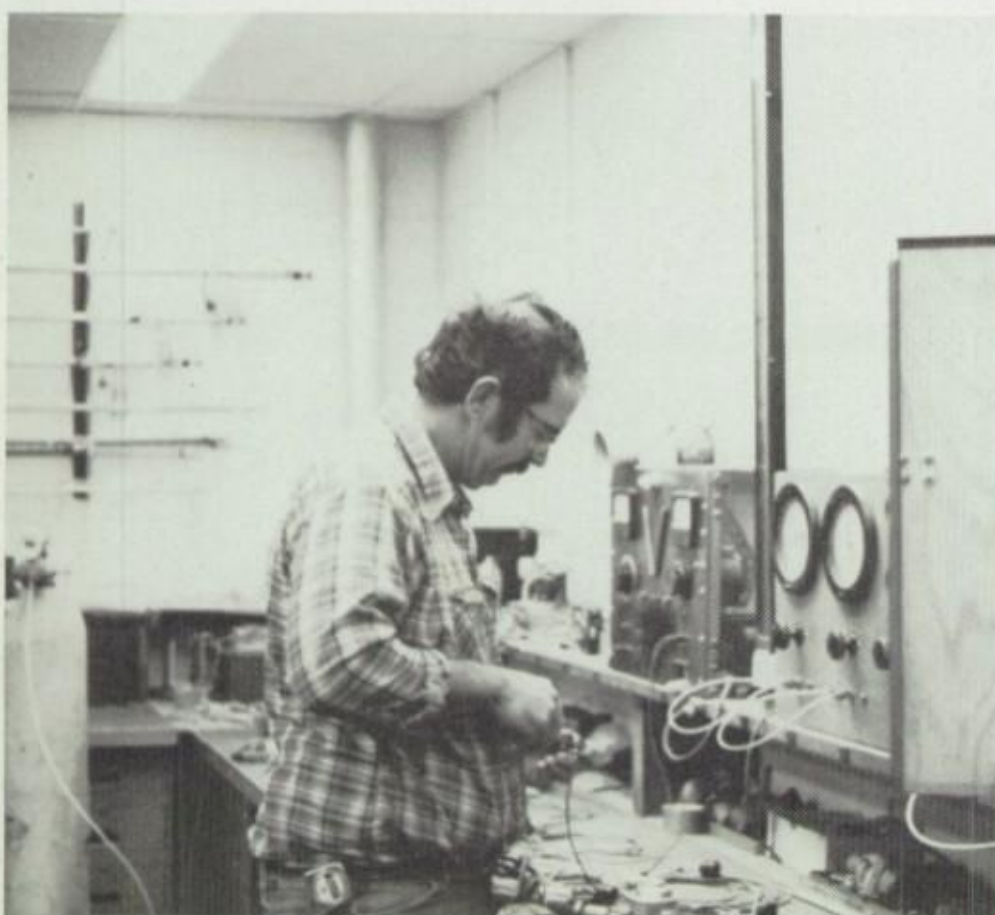

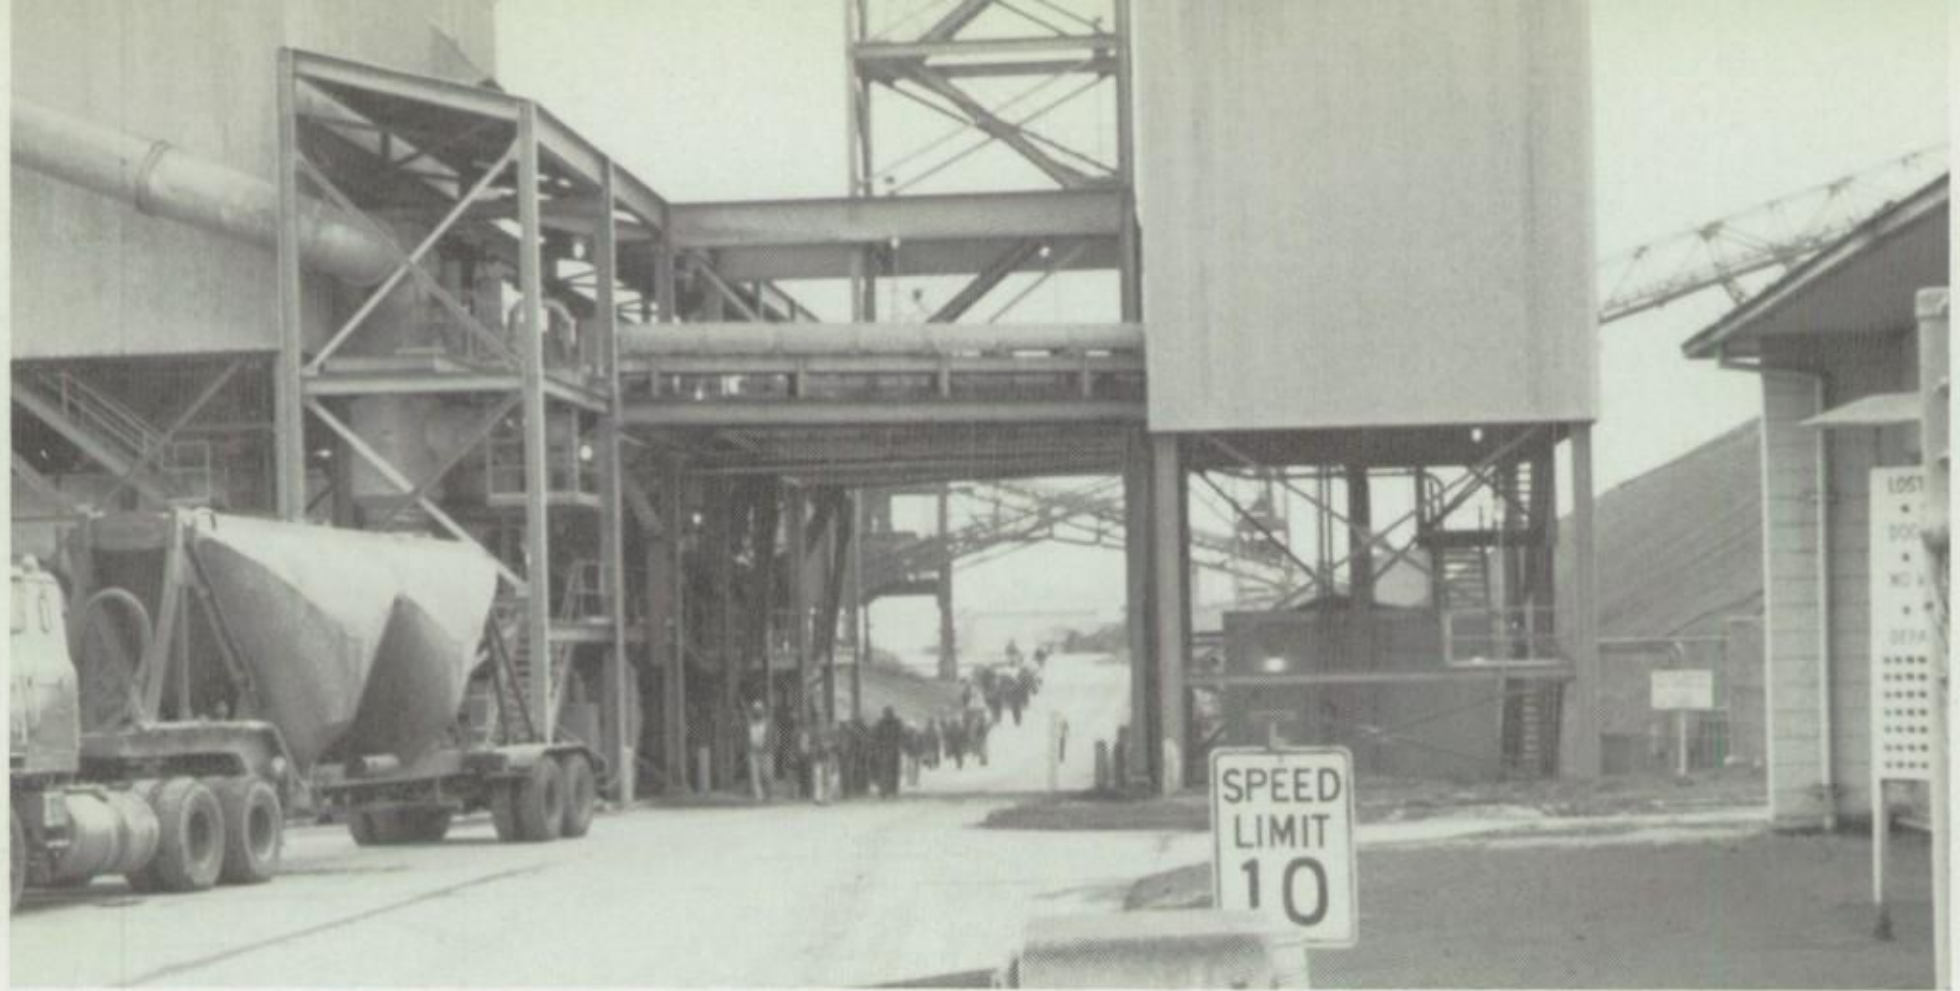

Happy 25th Anniversary Foreman Cement!

Thanks for putting Foreman on the map. As those big blue and white trucks cover territory, they carry the pride we feel for a business that has made its mark in this community in a positive way. Since 1957 the plant has doubled its capacity twice. Foreman Cement employs 275 people including supervision, office and transportation personnel. The majority of the people live in Little River and Sevier counties. Their annual payroll is \$7,248,000 thus adding greatly to the economy of our community. The corporation owns approximately 2,000 acres with enough raw material for several hundred years production of Cement! Truly the spirit of Foreman Cement fits the theme for this years book "Life got tougher-We got stronger"! This yearbook will seem different in that we have included many people and areas of Foreman Cement to attempt to show how the two can work together. We need each other, and as life gets tougher, We can all get stronger.

When the staff got together with the Cement plant. We had a dream, a vision of the perfect book. That perfect book has not ever been produced-anywhere-but we all keep trying-. Just keep in mind the spirit of it all. As you go through your yearbook this year consider the theme and decide for yourself.

"Who They Have Injured

Rodney Young, Howard Honnoll, and Benny Harris taught, lead, and coordinated all efforts this year. The year began as gallant as one could with a 35-13 win over Redwater, Texas. The one sour note was that key TB Ronnie Anderson sustained a shoulder injury which hampered him the remainder of the season. The Gators continued in winning form as injuries ate at team numbers. In preparation for Mineral Springs starter Terry Smith broke his foot. DE Mark Lindsey had a twisted knee going into the game. These injuries, along with others, hurt the Gators. All this added up to defeat, 28-0.

The line had to be the stand-out on the Gator team. They had Srs. Bobby Belanger, Donnie Clayton, and Mike Cranford. Those guys have been around forever. Juniors, Brandon Carver, Charles Hudgeons, and Todd Sharp contributed to the cause.

With all games on the record the Gators wound up 5-5 on the year. The important fact was that we learned "To stand together and to fight together"; what our fearless leaders taught us.

Keep coming back for all they've got, and take it with a grin. When disappointment trips you up or failure barks your shin; Keep coming back — and if at last you lose the game of right, Let those who whipped you know, at least they too, have had a fight.

Woody Corbell was elected captain by the Gators. He selected Kim Sain as Queen.

The Homecoming procession is led by the maids and their escorts.

Coach Young needs no press box information to tell him that play didn't go.

Homecoming is a time of year for all to worry. First, the guys all wonder who will be captain, while girls entertain the thoughts of hoping they will be asked. The parade gives a chance for all to get into the act by building a float. The girls smile through their hour of honor, the coronation. The homecoming game is that night. This year was a good homecoming game for the Gators. With a good effort from all they won 30-14 over Fouke. After the game there was time to celebrate. Some attended the dance, some the fifth quarter, and others; parties of their own. Yet through it all, we had fun in Homecoming 82.

Cathy and Nancy are really glad the Gators are winning.

Jeanie Smith, Cheryl Weed, and Marla LaVoice show That Gator Spirit in the homecoming parade.

B. McCombs, Coach H. Honnell, J. Reeves, D. Clark, T. Lawrence, M. Russell, R. Brown, T. McDonald, Coach B. Harris.

Coaches Benny Harris and Howard Honnoll lead the the team this year. They had much to overcome with last year's 1-1-6 record. But this year's Gators were eager to learn. Returning QB Brad McCombs led one of the best ever JV passing attacks. This along with a stingy defence led to a 4-1-3 season. One of those wins was over Horatio who boasted a 13 game winning streak. Horace Berry did a fine job of running the ball and will lead Foreman for years to come. The Gators had a great line in Keith McLane, Brian Halliday, Dock Moore, and Mark Russell. These Junior High Athletes will be the Winners of tomorrow.

Cheerleaders, The Big Mouths Behind

Foreman Jr. High School had a great group of Cheerleaders to perform for them this year. They attended camp in DeQueen Ark, and received four superior ribbons, 1 excellent, and Super Star Squad. They are as follows: Top left to right: Angela Bishop, DeAnn Wright, Carey Bowman, Standing: Christi Young, Sonya Wilkinson, Debbie Carver, Capt., Mindy Salem, and Susan Taaffe.

Both Squads, Senior and Junior gave their best to cheer the Gators through victory and defeat.

Practice, Hard Work, And Guts Add

Paul Bishop makes sure he has the ball tight.

Willie Wilder takes the open shot.

Up To A Great Gator Team.

Ronnie Anderson shows why he is the leading rebounder for the Gators.

Coach Benny Harris stresses to his team to avoid the foul's.

Walt Sharp strives for that controlling tip.

The 1982-83 Gators had three All-District performers returning. They were Ronnie Anderson, James Nolan, and Walt Sharp. Other key players returning were Charles Hudgeons, Jimmie Wilder, Willie Wilder, Bernard Wills, and Steve O'Neal. This years' Gators have already claimed trophies for champions of the Redwater and DeQueen tournaments. Foreman must also be the "King of the County" with wins over Winthrop and Ashdown in non-district play. As of deadline time the 82-83 Gators were undefeated with a 19-0 record. They were also ranked number 2 in the Arkansas Sportswriters Class A basketball poll. All of this could not be done without the hard work and practice done by the Gator team. Coach Benny Harris has the skill and determination to get them where they are.

4. Cheryl Weed and Nemesha Hardwick fight for loose ball against Avery.

Improvements In "82-83"

Sonja Hall and Molly Brown seem to have an advantage over an Avery player on the loose ball.

Nemesha Hardwick and Cheryl Weed show their better aspects of Defense.

The Sr. Girls' basketball program has made a complete turn around in the last two years. After years of what seemed like hopeless frustration, things began to change and drastically! In the last two years the Sr. girls have pulled some surprising talent together and now have a fine team. They have continued their hard work from a good season last year to an even better season this year. They were in two major tournaments this past season, won 1st place in the Red Water Invitational Tournament, and won 2nd in the DeQueen Tournament.

All these changes have come about through a very impressive young lady, Mrs. Virginia Honnoll. She is a "Special Coach". She has got all the aspects of a winner, which has shown in her career at FHS. She is a very stern yet gentle coach. She will go to great lengths to get the best from her players.

Alicia Wright makes a mistake but backspaces to erase.

Kathy Dixon must be a good typist; she doesn't look at her hands.

Concentrate on not making mistakes on the timed writing.

Child Care In Home Economics

Renae Milam reads the THREE LITTLE PIGS to Candy Brown.

Beatrice Bromsey plays with Kelly Pullen.

This Family Living class assembles their Wedding Book.

Angela Golden and Chris Stewart look over one of the very interesting stories in nursery school.

"Science Is The Key To All."

Mike shows the properties of hydrogen with red phosphorous.

Rush Oliver succeeded Linda Wright as the science mentor. General science and biology are the beginning courses taught. More advanced classes include physical science and chemistry. General science students embark upon the world of science with the dissection of a frog. Biology students learned the ground rules of genetics. Higher scholars learned many of the common chemical reactions.

"Science frees us in many ways . . . from the bodily terror which the savage feels. But she replaces that, in the minds of many, by a moral terror which is far more overwhelming."

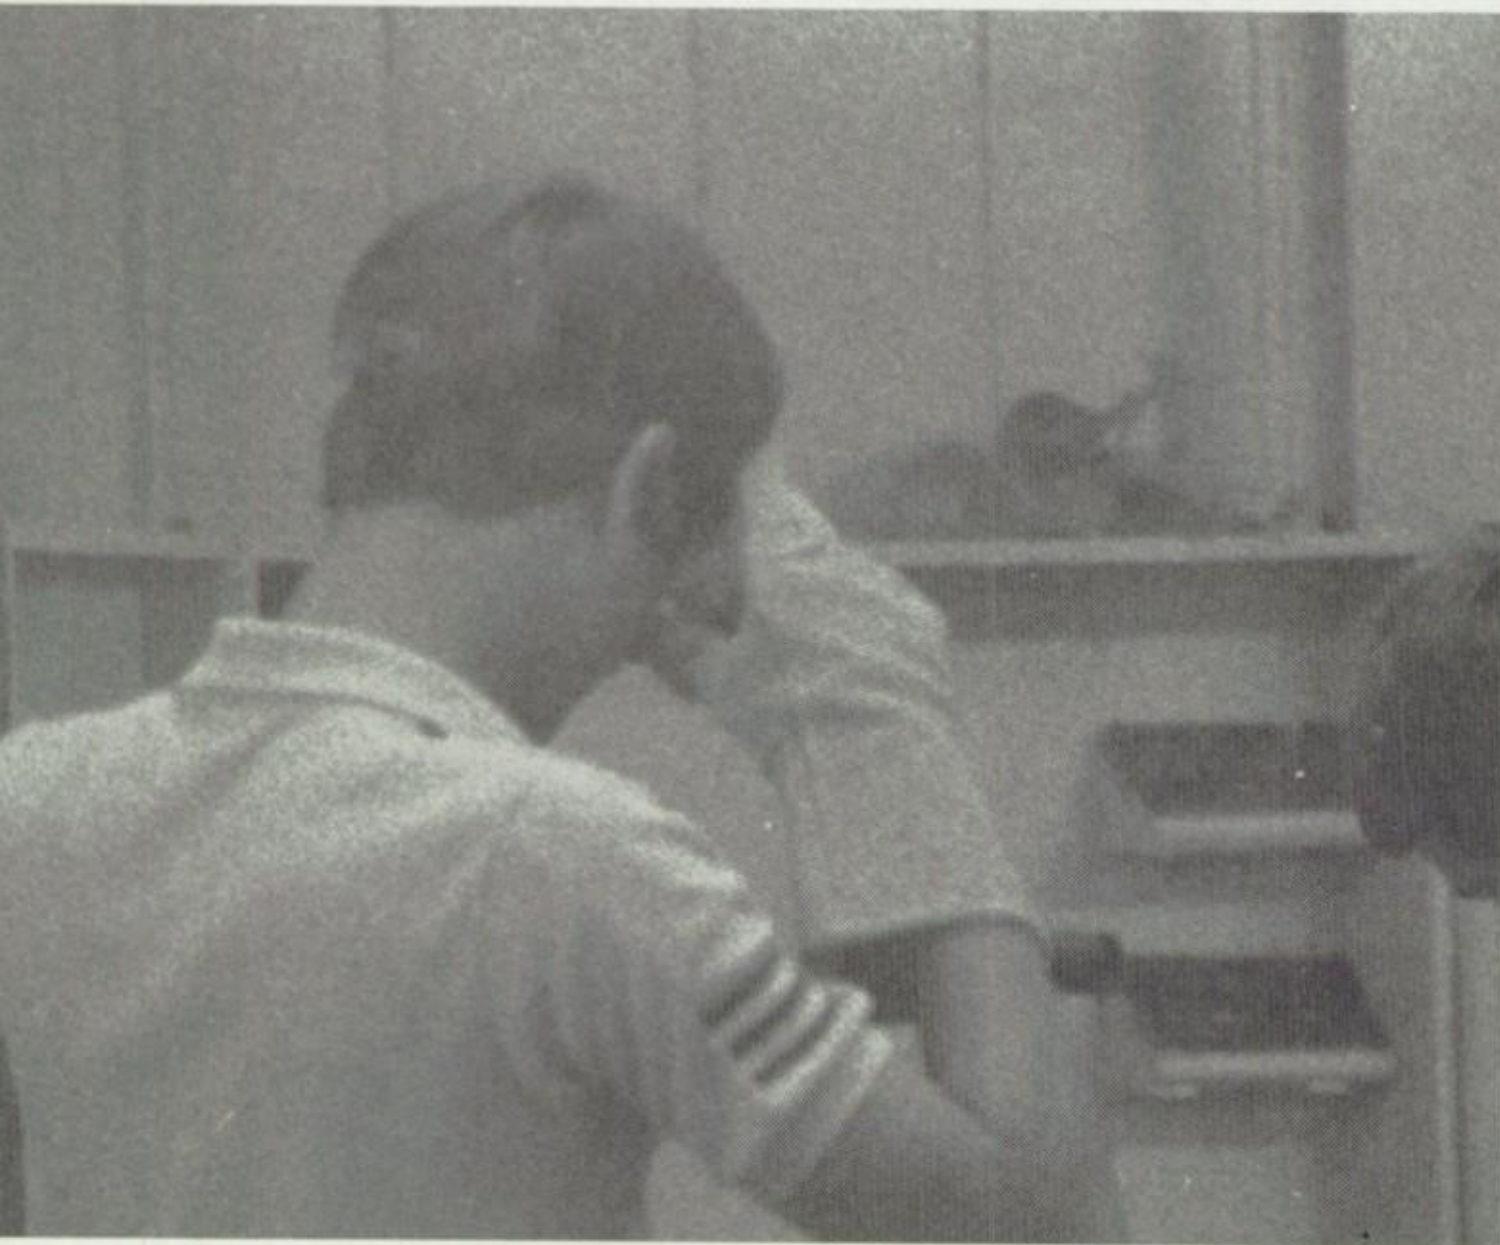

These Juniors are working to prepare hydrogen gas.

Carla and Lee Ann fill a pneumatic trough for the collection of gases.

"Agricultural Produces The Bravest Men."

Larry Lairmore is the preceptor of Agriculture. Freshmen entering agri take Agri 1. Agri 1 consists of Orientation and shop instruction. Sophomores meanwhile learn animal science and have a chance at doing special interests projects. Doing an indepth study of welding is Juniors. Seniors do projects, repairs, and deep study of animal science.

Cato once said "the agricultural population produces the bravest men, the most villant soldiers, and a class of citizens the least given of all to evil designs."

Eric Cowling prepares to do oxygen-acetylene cutting.

Don Adams uses grooming skills learned in Agri.

Sophomores are puzzled by the complexity of the animal science test.

Woody Corbell puts the finishing touches on his masterpiece.

Bruce Cranfill shows off his drawing of Darrell Threadgill.

James Horn, Woody Corbell, Brandon Carver, Bobby Belanger, Bruce Cranfill, Mrs. Smith & Jeff Jamison, enjoy 5th. period art class.

Speech Class Eases Stage Fright.

Jeanie Smith gives a 15 minute speech over drugs for the speech class.

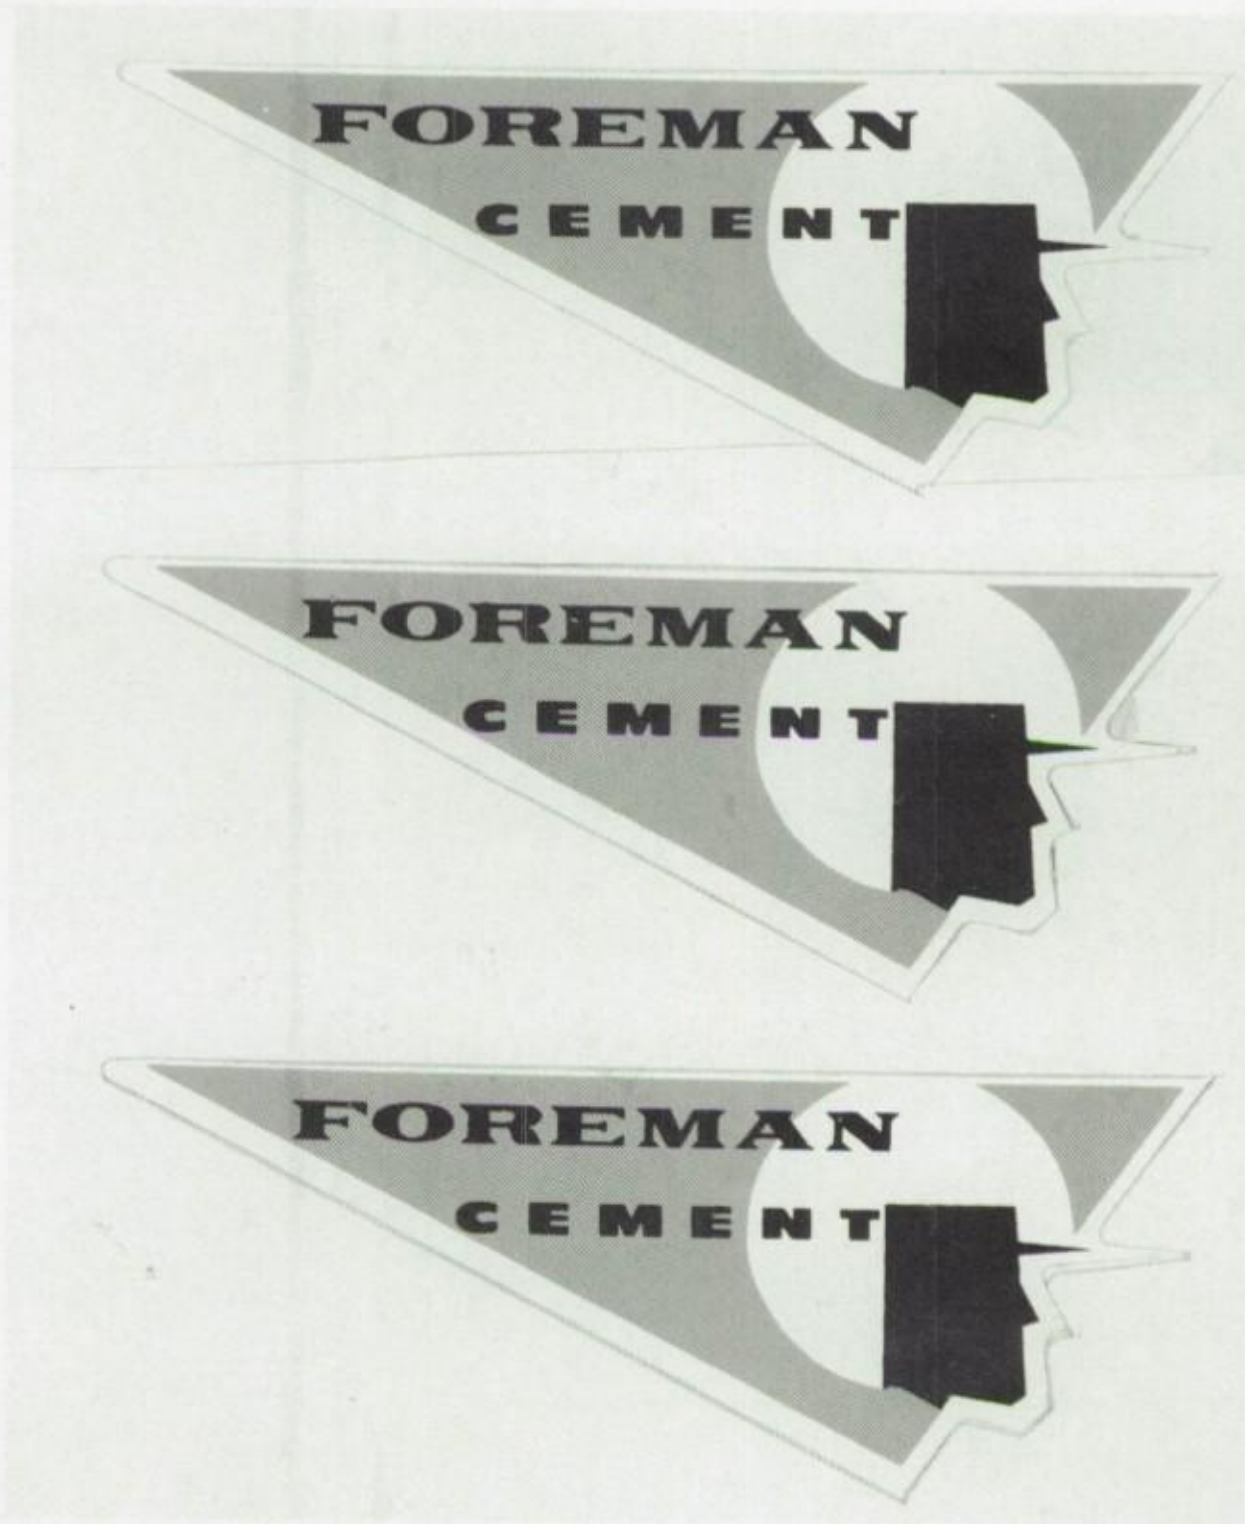

Mr. Traywick, who is the speech instructor, is also the prop man for the speakers.

Jeanie Smith discusses the contents of her speech with Mr. Traywick.

Mark Lindsey expresses a point to Nemesha Hardwick. Beth Coursey and Stephanie French look on and Herman Berry hides.

This year's 7th grade class had the privilege to express, in their own words, how they felt about the value of an education and the values of the educator.

"The 7th grade is learning, reading, writing, and a privilege of Arkansas for the future of the children."

John Roden

"In the 7th grade I learned to value the chance to get a good education."

Vickie Hardwick

"We should learn and pay attention to our teacher so we can have a better life."

Robbie McDonald

"The most important thing in my 7th grade year is passing to the 8th grade so I can play Jr. High Basketball under Mrs. Coach Honnell."

Jennifer Sanders

"Mrs. Coach Honnell was the best thing that ever happened to me. I would like her to be here as Coach forever."

Ginger Smith

"The thing I think was most important in my 7th grade year, was that Mrs. Coach Honnell helped me to become a better basketball player."

Angela Anderson

"The best thing about 7th grade is coming to school to see your girlfriend, because you're too old to play 'chase and kiss' and too young to go on dates. You've got to feel sorry for us poor underprivileged 7th graders."

Kevin Davis

Even though the comments are different they all show that the class of 1988 enjoys athletics as well as academics.

Senior Comments

I would like to thank God, Mom, and some of my teachers for helping me achieve most of my goals in High School. To the person who gets treated cruelly by some like I did, talk not about yourself, others will do that for you. Then pray for them.

Devetta J. Smith

Going to Foreman High has been an exciting experience. I have enjoyed it **most** of the time. I plan to go on to better things and places and enjoy life as it comes. I only have one life to live and I'm going to live it only for myself and enjoy it.

Leatha L. Beard

I hope my best times of this year are my worst times next year.

Jeanie M. Smith

The best way out is always through.

Kim D. Sain

High School has made a lasting impression in my life but it has no more important marks to make. I'm ready to take the responsibility which is due me and go boldly into the future making important decisions that I hope will be right and that I will not regret even as I grow in years and wisdom.

Woody S. Corbell

To my fellow classmates; if you feel like your parents have been extra rough on you it is because they have realized that this is your last year in school and you will be leaving home soon. You are going out into the world alone. All they are trying to do is hold on to you for a little while longer. Thanks Mom and Dad for everything.

Stephanie French

The hardest thing for some people to say in 25 words or less is GOOD-BYE.

Melanie K. Hadaway

First of all I would like to thank my Mom, for putting up with me. (SMILE) Good luck to all my friends and enemies. Take your time and do it right, cause life gets tougher and you can get stronger.

Sr. '83 Rosa F. Johnson

I can't believe I'm graduating. It's something I've always looked forward to and won't miss at all.

Cathy Sain

Don't worry about what people think about you. You only live once so enjoy it.

Sandra Cowan

Every Senior should have something to believe in. I believe I'll have another beer.

Mike Cranford

Each day is a day closer to our Graduation and there is a big world out there that we will all soon be a part of. I think everyone should enjoy school and their friends while they can. It will always be something you can look back on!

Viola Underwood

I've really enjoyed it but I sure am glad it's over.

Laquita Stuart

To know is to learn, to learn is to know, both together make you what you are. That's what life is all about.

Joe Nolen

Every day closes the gap to graduation. That's when the free ride ends. The real world looks pretty scary. You will have to take your life in your hands and you can't fall back on Mom and Dad. Enjoy school while you're in it.

Jay Ray Kent

We all have our ups and downs but all we can do is take them in stride. Just like High School, we make the ups and downs, just like my **grades**.

Bruce Cranfill

The end of school brings home to parents what teachers have known for 12 years.

Renee' Lisenby

I've enjoyed going to school here; but I'm ready to graduate so I can get on with my life.

Terri Webb

I'm glad to have made it through these twelve years of school and I know it will benefit me in some way all through life. I'm glad I had such nice classmates to help me through these years of school.

Michelle Hudson

When everything is coming your way you're probably in the wrong lane.

Dana L. Stuart

There's nothing better than the Rzaorbacks and "GOOD LOOKING MEN!!"

Marla LaVoice

What you know will make money. Who you know will make you money. The best of both will make you rich.

Donnie Clayton

I can't believe I did it!!! I've always waited for this year, now it's gone. I will always have the memories to look back on. So enjoy school while you can. It's the best years of your life.

Beth A. Coursey

Always be sure your brain is in gear before you put your mouth in motion.

Sherri Fagan

Love is the answer to all problems even when you are lonely you hurt for love.

Anna J. Duncan

Well, here we are at the end of another school year. A year we'll never have a chance to relive, expect through our memories and the pages of this book. Many of the special memories are not here. We wish they were. Somewhere along the way we lost our vision, we forgot our goals, we caught *Senoritus*, we well, whatever, but we **never** lost our Spirit. We never lost our zeal for life; we kept grabbing for the "gusto" and we made it. Life got tougher and we stronger.

We learned from our mistakes. We grew as a result of our trials. We gained new insights into ourselves as a result of our shortcomings. We matured as a result of our tantrums.

The bonds we've made here, the lessons we've learned here, and the love we shared here will endure because we want them to. The clue to it all comes right back to our theme "Life got tougher, we got Stronger."

'83 Gator Staff

Yearbook Staff Speaks Up!!

smiling in the end.
FROG

Our '83 year-book didn't turn out like we had planned but I can tell you we did work hard. We fussed and screamed but we always came out

We had a dream for 1983 to be great but somethings we can't control took over and it wasn't that great afterall. We can say though that it Ain't our FAULT. Next years staff had better get to the point and don't bark about having to do it.

Bird Dog

Life got tougher, they got stronger and somehow I GOT LEFT BEHIND!
Burl.

NO COMMENT!!! After all I'm a lemon and Lemon's don't talk.
Walt

Working on the Yearbook staff this year has really given me something to scream and yell about. I handled it though, after all I'M used to it.

Devetta Cheerleader Capt.

I can honestly say I've never had a yearbook staff like this one (and there is no way another staff can match them.)

M. Traywick

What I learned was what it was to be lonely and what it was to argue. The fact I learned was important enough, WE'RE slow but that's why they call me Pokey.

The only thing I have to say is, When you have something to do DON'T GNAW AT IT. GET IT DONE AND OVER WITH.

Margaret
